

Mrs. Laura S. Webb,
Vice-President Woman's Democratic Club of Northern Ohio.

"I dreaded the change of life which was fast approaching. I noticed Wine of Cardui, and decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax."

Female weakness, disordered menses, falling of the womb and ovarian troubles do not wear off. They follow a woman to the change of life. Do not wait but take Wine of Cardui now and avoid the trouble. Wine of Cardui never fails to benefit a suffering woman of any age. Wine of Cardui relieved Mrs. Webb when she was in danger. When you come to the change of life Mrs. Webb's letter will mean more to you than it does now. But you may now avoid the suffering she endured. Druggists sell \$1 bottles of Wine of Cardui.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Doctor's Doses Weakened Stomach.

Dr. Miles' Nervine Cured Me.

Dr. Miles' Restorative Nervine brings rest and sweet sleep to the tired brain worn out with the cares and anxieties of the sick room. Read the following:

"I have always been healthy with the exception of a touch of rheumatism since my age came on, up to the time of my husband's last illness some years ago. I assisted in nursing my husband for nearly three months when he departed this life and the mental strain I think caused my trouble. Aside from extreme nervousness my trouble commenced with sore throat and neuralgia. My physician gave me purgative doses which weakened me very much and my stomach for a time seemed inactive. Mental strain and the dormant condition of my stomach soon told upon my general health. I had little appetite and was soon forced to stay in bed a greater part of the time. Within a week after the time I began taking Dr. Miles' Restorative Nervine and Tonic I was up about the house. I continued their use until completely cured. My faith in Dr. Miles' Remedies has been strengthened by the experience of other people, our daughter having used Restorative Nervine with splendid results in a case of paralysis and a friend to whom I sent a box of the Anti-Pain Pills reports that she has been completely cured of neuralgia by their use. I know of a number of others whom your medicine has helped in a large degree. I wish you continued success."

USEFUL HINTS.

How to Solve Several Perplexing Household Problems.

A quick and easy way to slip a rod through curtains is to pare the end of the rod, put a thumb on the end, and the rod will slip through quite easily without tearing the curtain.

To prevent windows from steaming clean them thoroughly and apply a small quantity of glycerin over the polish with a soft cloth. Rub briskly and lightly until the glycerin is well rubbed in.

To prevent portieres catching underneath the door when opened quickly screw a small ring such as is used for picture frames into the center of the door frame. To this fasten a length of blind cord sufficient to reach to the bottom of the curtain. Put another ring in the center of the door at the top, thread the cord through and fasten to the bottom of the curtain, and as the door is opened so the curtain rises.

Do not throw old incandescent mantles away. They make a splendid polish for silver. Put a little on a soft duster and rub on the article to be cleaned. It will polish beautifully without scratching or marking the silver.

Before cleaning out a fireplace sprinkle a good handful of tea leaves among the ashes. This makes the ashes lift easier and prevents the dust from flying about the room.

When machining soft materials such as silks or muslins pin or tack strips of paper along the parts to be machined so that the paper is next to the teeth of the sewing machine and the work up-fermost. Then the material will not ruck or gather, as it otherwise would. Even chiffon can be machined in this way.

Never disturb an invalid by making a noise when putting coals on the fire in the sick room. Put the pieces of coal in paper bags and put both coals and bag on the fire.

How to Wash a Lace Collar.

To wash a lace collar first sew the lace with long stitches upon a double thickness of white flannel, plunge into warm soapsuds and wash, then rinse in clear water to which a little borax and bluing have been added. Gently squeeze in the hand, place between dry flannel and press till dry with a hot iron.

How to Draw an Oval.

Take two stout pins and stick them firmly into the table through the sheet of paper on which you wish to draw the oval, about two inches apart. Then take together the ends of a bit of string about eight inches long so as to form a loop, leaving two loose ends, each about an inch long. When you have done this tie the loose ends into a smaller loop, which need not be larger than sufficient to admit the point of a pencil. Now place the larger loop over the two pins and, putting the point of your pencil through the smaller loop, stretch the string as far as it will go and circle all around the pins. You will find that in moving from one pin to the other the string forms an ever varying triangle and that the figure described in passing all around the pins is as perfect an oval as the most delicate instrument can produce.

The pickpocket is equally superstitious. Some pickpockets have a favorite pair of boots that they wear as long as they can keep them on their feet, and if they are not arrested while they are wearing them they cut the boots up into little square pieces and give them away as "lucky tokens" to their pals.

THE EYES.

Black or very dark eyes denote a capacity for extreme ardor in love. Greenish tints in blue or hazel eyes are the signs of wisdom and courage.

Steel colored eyes usually denote a cold nature, also deceit and treachery. Russet brown eyes, untinged by yellow, mean an affectionate and gentle disposition.

Dark blue eyes while indicating affection and purity, do not represent intellectuality.

Variable gray eyes are highly intellectual and indicative of an impulsive and impressionable temperament.

Clear light blue eyes, especially if accompanied by steadfastness of expression, denote cheerfulness, amiability and constancy.

Tawny eyes denote fickleness. Eyes of no particular color, only feeble shades of gray and blue, go with lymphatic dispositions, characterized by coldness, selfishness and listlessness.

A Late Supper.

A very steady and serious country gentleman had joined a newly established London west end club which offered the advantage of bedrooms for country members temporarily in town. When next the squire visited the modern Babylon he put up for the night at the club, which had in the meantime become extremely fashionable and its hours correspondingly irregular. The squire went to bed at an early hour, when all was quiet and decorous. If there were a racket in the night he slept through it.

Next morning he came down to breakfast at his usual hour, 8 o'clock, but was surprised to find the room in the middle of the dusting process and not a cloth on the tables. While he was gazing helplessly around a sleepy eyed waiter came up to him.

"I beg your pardon, sir," he said apologetically, "but no suppers can be served after half past 7."—London Tit-Bits.

Our Animals.

A dish of fresh water is a constant necessity where there is a dog or a cat, even though they never appear to touch it. Offering them water now and then doesn't answer at all.

Those who suppose a cat requires only meat and milk should offer it a bit of nicely cooked vegetable, especially asparagus, corn, green beans or potato.

It is criminal to keep caged pets unless one is sure to remember their needs, not when one "thinks of it," but constantly.

The man who has no tender feelings for his horse should remember that this faithful servant will last longer and serve better while he does last if he receive consistent treatment.
